NEXIS TELECOM OPERATIONAL POLICY HANDBOOK & TERMS OF SERVICE

=====

Document ID: NX-POLICY-2026-V2
Classification: Customer Ingestion Baseline
Effective Date: January 1, 2026

1. ACCEPTABLE USE POLICY (AUP) & COMPLIANCE RULES

Subscribers must use Nexis Telecom broadband networks exclusively for lawful, standard consumer or commercial purposes.

Prohibited Infrastructural Actions:

- Running continuous high-volume server host nodes or peer-to-peer distribution relays that intentionally consume excessive bandwidth.
- Executing distributed denial-of-service (DDoS) networks, sending automated spam marketing payloads, or other malicious network activity.
- Undertaking cryptographic mining networks or unauthorized data center emulation on residential tier-1 or tier-2 network infrastructure.

System Monitoring & Security:

Nexis Telecom actively measures aggregate node capacity and localized bandwidth spikes. It does not monitor individual subscriber activity.

Violations of the Acceptable Use Policy will result in:

1. First Event: A formal warning notification generated via email.
2. Second Event: Immediate temporary service suspension for a duration of 48 calendar hours.
3. Third Event: Permanent account termination and an immediate infrastructure ban.

2. LATE PAYMENTS, ARREARS, AND COLLECTION GRACE PERIODS

Billing cycles open on the 1st day of each month. Invoices are dispatched to the customer account dashboard.

Late Payment Operational Workflow:

- Day 16 (Grace Period): If full payment has not cleared by the deadline, a grace period automatically begins.
- Day 20 (Late Fee Assessment): A fixed \$15.00 late fee is added to the customer's balance ledger.
- Day 25 (Service Suspension Window): The system executes a safety suspension. The subscriber loses access to the service.
- Day 60 (Permanent Deactivation): If balances remain uncollected for 60 consecutive days, the account is permanently deactivated.

3. CUSTOMER HARDWARE RECOVERY & SERVICE AGREEMENTS

All structural modem routers, fiber optical network terminals (ONTs), and television streaming boxes are provided under a 3-year warranty.

Equipment Return Deadlines:

Upon voluntary contract termination or involuntary system deactivation, the subscriber has exactly 14 days to return equipment.

Damaged Equipment Fees:

If devices are returned broken or are not submitted within the 14-day window, the following equipment fees apply:

- High-Speed Wi-Fi 6 Router Unit: \$95.00
- Fiber Optical Network Terminal (ONT): \$150.00
- Remote Control Accessories: \$15.00 per unit

4. GUARANTEED SERVICE LEVEL OBJECTIVES (SLO)

Nexis Telecom aims for a 99.9% system-wide core uptime baseline, excluding scheduled system updates and maintenance.

Outage Compensation Credit Rules:

If an unscheduled network failure interrupts service for more than 4 consecutive hours, the customer is eligible for a service credit.
